'NEW LOVE' CULT DEVOID OF GUSH AND SENTIMENT

CHICAGO WOMAN FOUNDS A SCHOOL CALLING FOR ECONOMIC FREEDOM

600 WOMEN HEAR "NEW FORCE" EXPLAINED

SHE SAYS DAY OF ROMANTIC TWADDLE HAS DIED; FREEDOM FOR WOMEN

(By Associated Press.)

Chicago, Ill., March 22.—"Off with the old love, on with the new."

This was the theme that held 600 women spellbound for an hour yesterday afternoon at the session of the Dorothy Meadows Drama circle in the red room of the Hotel La Salle.

"The New Love" had been announced as the topic for an address by Miss Meadows, and feminine curiosity to know just what might be the quality and characteristics of this "new love" had swelled the attendance far beyond that of the drama circle's usual monthly tea. No men were admitted.

"What is the difference between the new love and passion?" was the question hurled like a bomb at the speaker by Mrs. D. Harry Hammer, who sat midway in the crowd, but who rose and pointed her finger as she put the query.

"The new love," said Miss Meadows, "is free from sentimental rubbish and romantic twaddle. It is the union of intellectual and economic freedom. It is deeper, firmer and more abundant than the old sentimental so-called love. In it the man and the woman are united mentally, morally and spiritually as well as physically."

"The new love implies fidelity on both sides. The old idea that a married man must have his fling once in a while, that he need not be satisfied with a job lot, but may take a canter once in a while, has no place in the new love. Woman no longer is willing to be the catering ground for a man, even though he has a right to take a canter now and then."

"When we see the new love revealed as a terrific force, we shall be glad to stand and offer no obstacle to its manifestation. The new love will be freer from man-made and woman-made laws."

"The new love is not an enslaver of woman; it is her liberator. It can not die; it can not be stilled; it can not be killed; it laughs at death."

"When the new love is understood we shall be ready to rescind all censorship laws and let truth come out for true love is based on truth and we are willing to let the truth come out. Let us have the truth rampant."

"The usual courtship of woman by man," said Miss Meadows in the earlier part of her address, "has about as much to do with love as has the pursuit of a spring chicken by a hawk."

"In the last analysis love is of the spirit and can not be analyzed or understood. If human experience proves

The regular price of The Daily Leader is \$4.00 the year.

THIS OFFER IS TO MAIL SUBSCRIBERS ONLY

If you are in arrears, here is a golden opportunity to get squared and start even.

GUTHRIE DENTIST IS HONORED AT STATE MEET

DR. WATKINS WILL SERVE ON BOARD; NEXT MEETING AT KANSAS CITY.

The ninth annual meeting of Oklahoma dentists will meet in Kansas City next year. That was decided at the close of the eighth annual meeting at Oklahoma City Saturday. Dr. H. Watkins of Guthrie, was endorsed for appointment on the state board of dental examiners, by the body before adjournment. "The meeting at Oklahoma City this year was certainly a big success from every angle," said Dr. Watkins today.

The closing day's program consisted of lectures by Drs. Prothero and Logan of Chicago, and members of the society.

Officers selected to serve during the next year are: W. E. Flesher of Frederick, president; C. L. Lawrence of Enid, secretary, re-elected; C. W. Day of Tulsa, vice president; A. B. Walker of Fairview, treasurer.

M'NABB AND FARQUHARSON LECTURE ON FARM WORKS

County Demonstration Agent Farquharson and C. A. McNabb, Special Agent of the United States Department of Agriculture, attended a meeting of the people of Seward and Springer township at the school house in District 43, two miles south of Seward Saturday night.

A large audience packed the school house to its utmost capacity and paid close attention to Mr. McNabb who spoke for an hour upon the farm demonstration and boys and girls club work, telling what the department was doing to help the farmers and through helping the farmers helping the business men and everybody else in a community.

This is one of the progressive communities in the county, one of the largest boys and girls clubs in this section of the state having been organized there recently under the supervision of Mrs. Leslie Patterson, the teacher of the district, who takes great interest in the work and the progress of her scholars in all lines.

IMPORTANT MEETING OF VALLEY OIL CO. TONIGHT

Every stockholder in the Cimarron Valley Oil company and every citizen of Guthrie or Logan county, who is interested in the progress and development of the city and county should be out to the meeting at the Chamber of Commerce this evening to hear the report of the special committee who have been soliciting for the one hundred fifty dollar subscribers to the gas and oil fund.

The development of the gas and oil field in Logan county is the most important thing now before the people of this community and no stone should be left unturned to bring it about at the earliest possible moment.

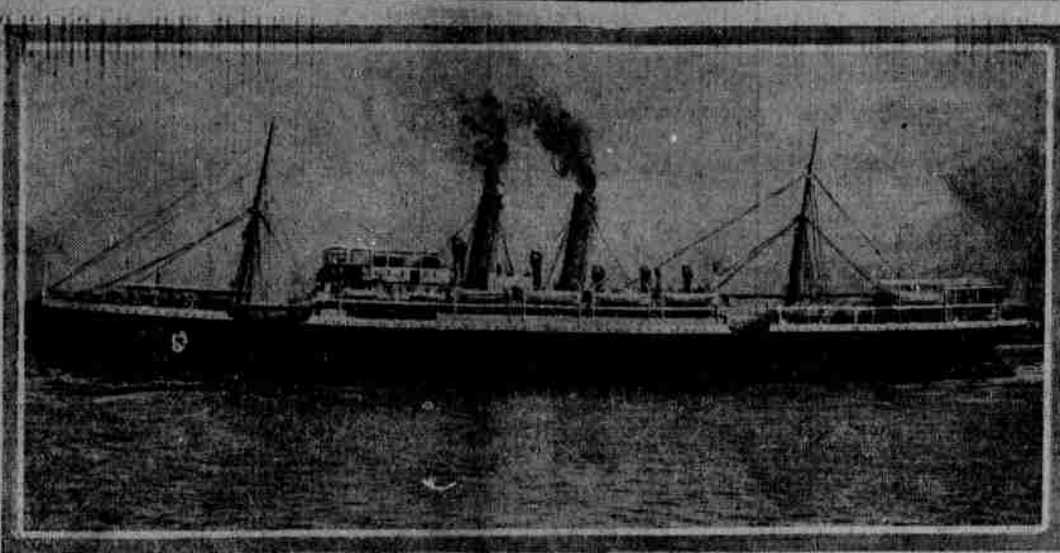

Come out to the meeting tonight, hear the report of the committee, talk over the situation and help try to bring about the right solution of the problem confronting the people of Guthrie at this time.

Final action will probably be taken tonight—no money will be asked or subscriptions solicited at the meeting. Be there and bring your friends along.

MAXWELL WINS IN 100 MILE CLASSIC RACE

W. A. Frise, special representative of the Maxwell Motor Car company, of Detroit, who is in Guthrie to select an agent here for his company, received a telegram today from Venice, California, stating that Maxwell cars won first and second money and honors in the 100 mile western automobile classic race. The master hand, Barney Oldfield drove the winning Maxwell without stopping or changing cars during the entire race. Mr. Frise is jubilant over the result, as he is not only a cracker-jack auto salesman but an auto race enthusiast and firmly believes the Maxwell is the very best car extant.

GERMAN RAIDER DRIVEN TO AMERICAN PORT.

The North German Lloyd liner, Prinz Eitel Friedrich, which has been a German auxiliary cruiser and has raided British commerce in the

REST ROOM FOR VISITORS IS POPULAR

QUARTERS AT CITY HALL PROVIDED BY WOMEN'S AUXILIARY

One of the moves inaugurated in Guthrie and Logan county during the past year for the comfort, convenience and help of the visitors from the farming communities and the surrounding towns is the rest room in City hall.

This movement originated with the Women's Auxiliary to the Farmers' Institute, where the need and importance of a place where visitors to the city could rest and have their headquarters was first discussed and then taken up by a committee who canvassed the situation and consulted the business men, practically every one of whom agreed to contribute toward the support of a room.

The City Commissioners agreed to furnish the room formerly occupied by the City Council on the first floor of City Hall and the rest room was opened up on June 20, 1914, with Mrs. Susan Inskeep in charge.

Since then the room has been kept open every day and has come to be the resting place for the great majority of people coming to town and having an hour or more to wait after their trading or other business is attended to.

Mrs. Inskeep has proved to be a model matron and looks after the comfort of all visitors, caring for children while the mothers do their trading, helping visitors to and from the trains keeping a watchful eye on young girls away from home and doing the many other necessary things coming up from day to day.

During the time the room has been open over eight thousand people have visited it and made use of its comforts and conveniences. There is a wash room for the ladies, couches and rockers, tables for writing and for eating lunch and many other conveniences and the visiting public, men, women and children are invited to make the room their headquarters when in Guthrie.

SAFETY CAMPAIGN SHOWS LIFE SIGNS

The campaign for safety commissioner and school board begins to warm up. The fitness of the various candidates is being discussed and charges are being hurled. The entrance of Fred Sleeper in the safety first race has caused a change of tactics on the part of some candidates. There is a rumor that two candidates will withdraw.

Mrs. Lowther, candidate for school board, will make an active campaign. She says the present board is not fulfilling its duties and will proceed to point out errors.

There is at least this to say for the cold-fish: It doesn't try to sing.

seven seas since the war began, put into Newport News the other day bearing more than 300 prisoners, taken from British and French ships.

Among the prisoners were the captain of the American ship William P. Frye, who, with his wife and two sons were picked up by the Eitel after the Frye had been sunk.

There were also a number of French people who were passengers on the French liner Florida, sunk by the Germans off the coast of Brazil. The list of prisoners included also many English people who were taken from vessels captured by the Eitel. The Eitel has a crew of thirteen

WINDING UP BUSINESS OF TWO HOUSES

TO ADJOURN TUESDAY; FOUR YEARS' TENURE FOR COUNTY OFFICIALS

Special to The Daily Leader.

Oklahoma City, March 22.—All the wheels are geared for the closing of legislative business either late Monday night or Tuesday morning. The house has already said its "farewells" and presented gifts to officials. This morning general appropriation and deficiency appropriation bills were under consideration.

The senate will meet, Tuesday, as a court of impeachment to try Watson and Welch.

About 40 house members have already gone home. Members of the house of representatives passed a resolution proposing resubmission of the prohibition questions and substituting local option and high license to a vote of the people.

Panama Fund Voted. On motion of Senator Barrett the house bill carrying an appropriation of \$5,000 for the erection of an Oklahoma headquarters at the Panama-Pacific exposition was reconsidered and passed on final roll call.

The legislature has arranged to complete the construction of the state capitol without making an ap-

FROST, SNOW AND BLIZZARDS IN 14 STATES

Snow fell in fourteen states Sunday, reaching as far south as Salem, Alabama, and Meridian, Mississippi. A slight snow covered the extreme northwestern portion of Oklahoma.

Fair weather is promised for the week beginning March 21 in Oklahoma and Texas. The temperature went to 18 degrees Sunday night.

JOE POTATO WEDS PRETTY MARY ARTICHOKE

Stubenville, Ohio, March 22.—When Joe Potato got a license to marry Mary Artichoke today, Probate Judge Belnap asked him: "What is your employment, Joe?" The blushing groom said: "I am going to raise potatoes." He got his license for nothing.

GOOD ROADS WORK SEES FINE HIGHWAY

HOW PERSISTENT EFFORTS OF BUSINESS MEN ARE MEETING WITH SUCCESS

One of the leading and continuous activities of business men during the past year has been the good roads work. The good roads committee in connection with the Automobile association has spent over \$3,000 on the roads of Logan county during the year in an effort to assist the different neighborhoods and communities in securing a good road to Guthrie.

The organization took the lead in promoting the Oklahoma, Texas and Gulf highway which is now recognized as the leading north and south highway for automobile and other travel from Kansas City, Topeka, Wichita, and other points through to Dallas and Galveston, Texas. This highway crosses Logan county from Orlando on the north to Waterloo on the south passing through Mulhall, Guthrie and Seward.

The good roads committee and the Automobile association assisted by the citizens of the other towns and the country along this route put the line in good condition and have maintained it that way most of the time. All that portion of the line north of Guthrie has been worked on during the past 90 days and is now in comparatively good condition ready for the traffic of the spring and summer.

Considerable work has been done on the line south of Guthrie but there still remains one link in the road lying between Seward and Waterloo which is at present in bad condition. Work will be opened up on this portion of the line within the next couple of weeks and the good roads committee hopes to have it in first class condition within thirty days.

Plans are now being formulated for

89'ERS WILL CELEBRATE AT MINERAL WELLS PARK

At a meeting of the executive committee of the Eighty-niners, held today it was decided to omit the parade on April 22nd and celebrate the anniversary with appropriate exercises at Mineral Wells Park including a dinner at noon and races at the Cimarron Valley Fair Grounds in the afternoon.

A grand get-together dinner in the park is planned and it is likely that it will be served by the Women's auxiliary to the Farmers' Institute, which means a real old time country dinner for everybody.

The business men of the city and the farmers will take dinner together and while they dwell on reminiscences of early days, will also talk and plan for the future of the city and county.

The boys and girls clubs of the county may also participate and prominent guests from a distance address those present.

WOMEN OF GUTHRIE PLAN CIVIC RALLY

APRIL 9TH DATE SET TO RATIFY CLEAN-UP CAMPAIGN AND START NEW MOVEMENT

The ladies of Guthrie are planning extensively for a big civic rally to be staged April 9th. It will be in the form of a general gathering of citizens, the city administration, ministerial alliance and the women's clubs. Chas. Evans, president of the Central Normal at Edmond, has promised to deliver an address and Will H. Clark of Oklahoma City, will also be present and make an address.

There will be short addresses by other prominent civic workers. This meeting follows the general clean-up day, which took place last week and proved such a glowing success.

The parks and flowers committee is planning a vast amount of work this spring in beautifying Guthrie. The ministers of the various churches will plant flowers and shrubs on their

(Continued on Page Five.)

STYLE SHOW WILL OPEN WITH BAND CONCERT

The spring fashion opening, style show and bargain carnival in Guthrie this week opening with a grand reception band concert and general demonstration and showing of spring styles and seasonable goods Wednesday evening promises to be the big event of the year in Guthrie business circles.

The showing of goods in every line will alone be well worth a trip to Guthrie, while the bargains offered will be most attractive to all and afford an opportunity of saving money to all. Those who come from other towns will also have the chance to secure a refund of their railroad fares through the refund bureau of the Chamber of Commerce.

The advertisements of the various business houses of the city in the columns of The Leader tell of the many bargains and should be carefully read by everybody.

At the opening Wednesday evening there will be a band concert on the street, concerts in several stores, food demonstrations, style shows on living models and various other interesting features. Practically all of the stores of the city will be open from 7 until 10, make a showing of goods that will interest all and be glad to receive and entertain the public, showing their goods and getting better acquainted.

GUTHRIE WILL STAGE A SPRING CARNIVAL

Guthrie will have a spring carnival that will eclipse anything of the kind shown here for some years. The Young Men's Booster club on Saturday night signed a contract with the American Amusement company, one of the cleanest and best carnival companies on the road, to show in Guthrie under their auspices the week of April 12 to 17.

They will be located upon Vine street from the bath house north and in addition to a full line of clean and attractive shows will have riding devices of every kind, all of the usual lines of concessions and many thrilling free attractions. The company carries a fine band of their own and the Guthrie Booster band will also help furnish music for the week. The proceeds of the carnival will be used by the young men's club in furthering various public enterprises which they are backing and everybody should turn out and help them along.

HERE'S A CHANCE FOR ANOTHER SCRAP

Washington, D. C., March 22.—President Wilson sold a bale of cotton and sent the proceeds to charity in Oklahoma. During the "Buy a Bale of Cotton" movement, the President bought several bales and one now is in storage at Boswell. H. H. Conway of Paris, Texas, offered to buy it at ten cents a pound, and today the President accepted his offer and directed that the proceeds be sent to a charity in Oklahoma, to be selected by Senators Gore and Owen.

COTTON RECORD BROKEN BY CROP YIELD OF 1914

CENSUS BUREAU FIGURES SHOW 16 MILLION BALES WERE PRODUCED

OKLAHOMA EXCEEDED 1913 YIELD BY 50 PER CENT

LARGEST CROP OF FLEECY STAPLE RAISED IN HISTORY OF THE COUNTRY

Special to Daily Leader. Washington, D. C., March 22.—The 1914 cotton crop of the United States aggregated 15,873,000 running bales of lint, or 16,102,000 equivalent 500-pound bales, the census bureau announced today. The department of agriculture December 10 estimated 15,566,000 equivalent 500-pound bales. These figures compare with 13,982,811 running bales, or 14,556,486 equivalent 500-pound bales in 1913; 488,539 equivalent 500-pound bales in 1912, and 15,553,073 running bales, or 15,692,701 equivalent 500-pound bales in 1911, the three largest crops prior to 1914. Included in the 1914 figures are 121,000 bales which growers estimated would be turned out after the March canvass.

Round bales included numbered 57,000 compared with 99,062 in 1913; 81,528 in 1912, and 191,554 in 1911.

Sea Island bales included numbered 18,000, compared with 77,563 in 1913; 73,777 in 1912, and 119,293 in 1911.

The average gross weight of bales for the crop was 507.2 pounds compared with 506.2 in 1913, 508.0 in 1912, and 504.5 in 1911.

Ginnetries operated for the crop number 24,000, compared with 24,749 in 1913, 25,279 in 1912, and 26,349 in 1911.

Linter cotton, not included in total ginning figures, amounted to 772,000 running bales, or 791,000 equivalent 500-pound bales, compared with 631,154 running bales, or 638,881 equivalent 500-pound bales in 1913; 602,324 running bales, or 609,594 equivalent 500-pound bales in 1912, and 556,276 running bales, or 557,575 equivalent 500-pound bales in 1911.

Production of states in equivalent 500-pound bales, exclusive of linters, with comparisons, follows:

| | | |
|----------------|------|-----------|
| Alabama | 1914 | 1,750,000 |
| Arkansas | 1914 | 1,017,000 |
| Florida | 1914 | 80,000 |
| Georgia | 1914 | 2,713,000 |
| Louisiana | 1914 | 447,000 |
| Mississippi | 1914 | 1,244,000 |
| Missouri | 1914 | 81,000 |
| North Carolina | 1914 | 925,000 |
| Oklahoma | 1914 | 1,261,000 |
| " | 1913 | 840,387 |
| " | 1912 | 1,021,250 |
| " | 1911 | 1,022,092 |

| | | |
|------------------|------|-----------|
| South Carolina | 1914 | 1,524,000 |
| Tennessee | 1914 | 325,000 |
| Texas | 1914 | 4,584,000 |
| Virginia | 1914 | 25,000 |
| All other states | 1914 | 63,000 |

The census bureau announced that the statistics of this report for 1914 are subject to slight corrections in the full report to be published early in May.

This is the greatest crop ever produced in the United States.
